Vernette Torgerson JSEC Coordinator

Minutes from last meeting:

Amy moved and Renee seconded minutes from the last meeting be accepted as stand. Motion Carried.

Treasurer's Report

Sharon called in with Treasurers Report. Vernetta read the note. Checking currently has a balance of \$498.78. Savings currently has a balance of \$601.97. Vernetta noted several checks need to be deposited and she will contact Sharon in regards to this.

Old Business

Steve Beck Seminar: Currently approximately 70 people are registered in the two sessions. It will take 100 registrants for the JSEC to break even. Currently the newsletter is being assembled for mailing which includes a flyer on the seminar. Also Mid Rivers is running an ad on Channel 2, the ad channel, regarding the seminar. In addition we will have the option to have radio interviews the week before if we choose to.

Training Card was discussed. Suggestions were to add computer skills (differentiate between basic skills and programming) and generational diversity.

New Business

Discussion occurred around what goals JSEC would like to set. Once the training cards are returned it is anticipated a training 'wish list' will emerge. Once training topics can be identified then a skill block was suggested with regular trainings for fall and spring.

Next Meeting

To be named.
